[REDACTED] Right, there doesn't seem to be a need to bring WaterGen up at reg review since Elise is closely involved. Will you be on the Friday phone call?

Don't worry about contacting me, today. I'll call if there is an unlikely emergency.

Hi Geoff. [REDACTED]
[REDACTED]

I saw your reply for Watergen. Elise scheduled a follow-up call on Friday, so the topic probably isn't necessary for Reg Review - this week, anyway. The only news is I'm getting staff dedicated to the project - two from NRMRL, one from OLEM, and Ron Williams from NERL said I could consult him if needed. But no one from Water yet - Mike Shapiro still needs to reply to my email from last week.
